

Misty : "then as i was about to ride my

Misty : "then as i was about to ride my in-you-words "godforsaken" bike,i just turned around to have a last look at you.."

Ash(hugging Misty) : "just for clarification,Mist,that song you were humming that day from Kelly Trooper's Rockmore Woods-"Cutain Call"-that um..if i weren't an utter buffoon then,i would've instantly atleast have a private talk with you or well..um..i've never thought itself but why I didn't go to Cerulian myself that day?i barely knew there was something called Hoenn in this world.."

Misty(smirk) : "parting with each other actually broadened both our gazes, don't you think?"

Ash(irritated) : "whatever!but in the next one year if any vulture and especially the Cerulian breed tries to insinuate that i must stay away My wife for a full 12 hours due to some godforsaken work,then i'll.."

Misty(brust into laughter) : "Ash,i would've been in a big trouble had you infact tried to come with me that day cause we were 17 and that though was a Gym still my home also..plas(giggle)..that bike ONLY had ONE seat(laughing),else it would've been another night outside and um..you know you might've been.."

Ash(giggle) : "endangered?"

Misty(laugh) : "exactly"

Ash : "i've always wondered to which Cerulian bonehead did

this idea occur to not give an extra seat in the bike so that people may carry others yet gave a god damn basket in front which was oversized and made the control almost impossible that too in a godforbidden forest like Viridian,which i guess i still may get lost in(laugh)"

Misty(laugh) : "Master in Cerulian Hating should be your title you know"

Ash(scowl) : "i never found anything good there EXCEPT my most cherished flower(hugging Misty,Misty giggles),and my badge too was due to her"

Misty(smile) : "well,atleast we battled,Dase really made a mess out of the situation"

Ash(laugh) : "never saw anything like before or after..

Sensational Trio in all aspects,no they have no match,still"

Misty(smile) : "Voil would be in Cerulian the very next day i never knew"

Ash (laugh) : "all she did was to panick all over the place long enough to force the police to start interrogating till Lance forbade them.have you called Violet?"

Misty(smile) : "yes,she was the first one to see the judgement day death note you rather shoved through my" ears

Ash(grim) : "um..was i too..um..loud?"

Misty(laugh) : "Ash,your another gem like my sisters,that day's theatrics as i later heard were brilliant,if you were in our show at your present form,we would have had to turn the building into showhouse only cause even 4 of us wouldn't have had any time to manage the pokmeons let alone the Gym Battles but as soon as you would've realized that your Cerulian-Vultures were going to your Insinuate

something,we would've been driven out of the city itself"

Ash(laugh) : "i guess"

Misty : "i turned back and saw Brock returning and you had your head down murmuring something..

Ash : "um..i was going to part with you three after 5 years,well Brock left,Tracy left but that day you..you never went away from me even for a moment Mist in all those 5 years,you didn't even go home,rather staying with me only with phone contact i remembered that Daisy and all weren't then exactly showing there care to you so you were rather happy with me and when i returned home after 3 years,you stayed in my home infact for all those 3 days(laugh) that was too much for my break.."

Misty(laugh) : "sure,how many days did you halt afterwards?"

Ash(smile) : "you and Brock- your memory was troubling me after Jhoto and as soon as i went home,next day heard Hoenn,next day out,2 nights,Hoenn to Battle Frontier,6 nights and you were there,May was beaking my head whole day since she saw me alone with you in the balcony..and um..you then had already reached a pretty high level for a 19 year old,and i saw you suddenly just after getting inside home and was then an utter jerk to say in reply to you ever sweet greeting "hi Ash!" I said rather in a flustered state "yeah! Hi! what are you doing you?" and you came to congratulate me on my Hoenn victory"

Misty(laugh) : "you were so childish even at 19,but i just cherished that sweetness of yours ever so much"

Ash : "yeah as i said that,you just smirked rather as you expected something like that by then and congratulated

me..but,you'll forever be a miracle monger to me since that day our reunion in Hoenn,i saw Gyarados and then the flamethrower,i was rather so jealous of you as i thought i want Gyarados and also more so cause i had very few pokemon as i was new to hoenn,but then..(blush)..um..i turned back at you and you were smirking at me saying that it was rather very impressive than only impressive with a rather proud face then i went into flashback and recalled,and i'm narrating this to you now cause i was too flustered before to do so but you looked nice that day,i already felt a strange feeling that since very last days of Jhoto was being more apparent to me but i never quite bothered.."

Misty(smile) : "you were thinking a too much about me and gazing at me a bit too much and a bit longer and a bit more intently by the end of Jhoto,i was in cloud 9 and Brock also told me but you know what he was then to just as usual jump into the sea(laugh).."

Ash(smile) : "yeah i guess i never before that considered you as a great playmate,but as i said,as you were looking at Gyarados i looked at you constantly and intently a bit and then followed you after that closely,how you took the pokeball,kissed it as if you knew you would win,which i never till then myself could do so confidently,and released Gyarados of all pokemons..i really was amused,just how self confident you were,and Mist,it was the i realized jealousy but as later i returned from flashback i thought maybe i could beat Gyarados too but your disposition did entice me..when in Hoenn during the reunion i was just overjoyed to be able to see you and so did you.."

Misty(smile) : "yeah,during my 5 years i was all about following you,fighting you and longing for you,the Gym suddenly such a huge responsibility and your memories just made had in those mere [10/11](#) months turned me into a grown up lady"

Ash(smile) : "exactly, that's what i did saw,i saw the Cerulian City Gym Leader Misty Waterflower not my playmate Mist anymore..um,can i bash Cerulian again?"

Misty(laugh) : "Ash,give it a break, continue"

Ash(smile) : "right no Cerulian bonehead could disturb me when i was looking at you,the Gym Leader,then i saw you had become so established in yourself and my first jealousy turned into the respect for that i had for a Gym Leader..till i started trash talking them last year..haha.."

Misty(smile) : "but you still have"

Ash(smile) : "precisely.then i had that respect for you,then i was rather ashtonished by you and kept a bit more regular contact because may be um.."

Misty(smile) : "felt insecured with yoursrself?"

Ash(smile,hugging Misty) : "i always am unless you're right here"

Misty(smile, hugging Ash) : "right!you know for all my infatuation with you Ash,that reunion i saw you,you also had grown up but were in same sweet oblivion that i rather felt a big sister affection for you rather than an attraction,but i always had my feeling inside me and your thoughts,it really was a great reunion,but by then affection had taken over attraction whenever i thought of you,and um..Ash,a few times then i've had my doubts whether mine was also a mistake i mean whether it was true feeling or only

infatuation for you.."

Ash(smile) : "Mist, it's just the process till the final union that we've had"

Misty(broad smile,hugging Ash) : "exactly".

Ash : "then i kept up contacts with you and all that and always were fun but rather grave and serious discussion,but then you should tell me about the handkerchief"

Misty(smile) : "still has it?"

Ash(dissapointed) : "no,torn it up myself..um.."

Misty(smile) : "didn't spare a single one did you?"

Ash(dissapointed) : "all went the first night itself"

Misty(smile) : "you've always been like this haven't you"

Ash(solemn) : "i guess, don't like to keep junk rather everything in memory"

Misty(smile,hugging Ash) : "just store this one specially."

Ash(smile,hugging Misty) : "done."

Misty(smile) : "right,then as you were murmuring and Brock was approaching you,i finally tried to atleast give you an ultimate point,then gave you my handkerchief and later sent you the lure.."

Ash(laugh) : "well the handkerchief helped the very next day as those 3 buffoons jumped on me.."

Misty(smile) : "thank God they did,else you wouldn't ever had thought about Keeping it"

Ash(smile) : "might be,but anyway then i kept that with me.

sinnoh 1 night(laugh),
but i..."

Misty(smile) : "forgetting whom your naratting the story to,dear?"

Ash(smile,hugging Misty) : "all of memories are so precious to me now only because i'm naratting them to you!"

Misty(smile) : "ok,lets continue!"

Ash : "i was going a bit poetic about Brock but could only say thank you Misty to myself as your thoughts were choking me and the more it went the more i realized what you meant when you said "would i ever see you" and that song,i just brushed you aside being childish as it takes if i sat on Charizard 10 minutes to reach Cerulian,but as soon as you were gone i just couldn't come into terms..then team rocket came then i realized your words and kept that handkerchief went to phone you from the Lab..on the road i once or twice said "hey Misty,come look its this or that pokemon" only for Pikachu to remind me that you weren't there anymore,which after 5 years of constant company was just too much to take,(smile)we grew up with each other didn't we Mist?"

Misty(smile) : "surely Ash,i myself can't believe it either that for 5 years not even a day was spent without you"

Ash(smile) : "that got you through in your initial days in that go..nah just not in a mood.."

Misty(laugh) : "finally the poor Cerulian brats can sleep well(Ash laughs)(smile) yeah,and you've influenced my style as well the most though later i found mine"

Ash(smile) : "you and Gyarados influenced me beyond measures"

Misty(laugh) : "till that day.."

Ash(smile) : "no,still..well,um.."

Misty(laughing) : "you don't need anything anymore"

Ash(smile) : "except you"

Misty(smile) : "right"

Ash : "yeah,then obviously i won Hoenn and kept contact but as i was saying you said congratulations and i looked at you and i just knew you were so much more powerful than what you showed and i really became a fan and was kinda.."

Misty(laugh) : "following me around your own home"

Ash : yeah,and that little brat picked it up as i probably that day had put my arms around your shoulder or something while star gazing and that was 2 days before we departed"

Misty : "i was just loving it,i told you i had a strange big sister affection for you then,but actually it was longing and i just wanted you to try to fly around me just as i did for all those years..(giggle) "

Ash(smile) : "and i happily obliged,anyhow May was so ecstatic and saying propose,propose,propose the whole day next day to which i scoffed her that she was a mere kid then,to which she scowled and said she'll keep an watch on me,to which i said till Drew comes around,at which she just frowned and left telling me if i don't propose i'll be in deep waters(laugh)"

Misty : "Ash,May is the best friend,your true little sister you've ever had,why cut her off"

Ash(solemn) : "Mist,i just swore her left and right thats all,a language, actually in phone once..um..i regret that really but i that was the very next day Serena did what she did and i already had turned Max off so,um..as soon as her thoughts appeared and i realized i had always taken Serena as that as well though more desperate,i just couldn't contain myself..and she was the only person that i never spoken harshly,which i did to all else including you many times but

not May and Max and Max well, I showed my disinterest and he himself took the clue and was off without telling May at all, just like Iris, Clemont and Dawn, Cilan was well he was professional with me thoroughly as was Serena surprisingly since the day i chided her in international television without naming and also in the phone, She promised me she won't let me go till i patched up with you as soon as she came to know about you 5 months back from when she actually is keeping the regular contact and that was because of her dad..but she has been very professional but a bit obsessive sometimes asking me to interpret her boyfriends attitude(laugh, Misty laughs as well) which i rather harshly scoffed off yet she has pestered around and you spoke with her as well"

Misty(smile) : "yeah, she was very frank, said what happened and you told him and said though we weren't together then she would like to see it and then said she had heard my name and all..and apologized to which i said i was far off from you, when she said, still she wished me best of luck and all, probably you told her how much better I, May, Iris and Dawn had been and then you probably lost it a bit about me.."

Ash : "no intentionally too, i thought you may give her a better whack after i umm..beat you in that trash-talk show and all that, but she has been professional with me otherwise.."

Misty(smile) : "anyhow, mount moon 2"

Ash(smile) : "right, then those dumbnut s pulled their trick and you mentored max and was separated with Pikachu from us when i was thinking about Pikachu and Brock

suddenly said don't worry Misty is with them,which just gave me a shock cause(laugh,Misty Laughs)yeah right,it would've been a worry for us 2 years back that Pikachu was the one who had to look after yourself in such situation but,then i realized (smile) that my flower had really blossomed"

Misty(smile) : "i can never forget that dance and strangely you were keeping may in between us"

Ash(smile) : "to gaze at you safely"

Misty(smile) : "so finally you decided to gaze at someone intentionally"

Ash(smile) : "yeah,and Mist certain b..(Misty Frowns) has at first sight charmed me but gazing to me is all about you(smile)

Misty : "right,Ash try to cut that language,i know you're feeling guilty about your actions to me yesterday and all that,but please we're married now, it's ok..and it's ok,we will be at Pinkenberry all alone for a long time.."

Ash(smile) : "right,so i gazed at you and obviously May would understand and(laugh)threatened me to break my head with stones at night unless i proposed,to which i said she'll as usual eat too much and fall asleep,to which she compelled Brock to ration my food and her "normal" food between poor Max and himself and scowled them to gulp that up(both laughs) 9 years yet so very fresh in my memory..(both smile)..so she staved herself and me,to which i smirked that now great we'll eat each other up,then she smirked that she'll be the best for both,then i said if you slept off,she wisely nodded girls are always more tensed,when i said i've seen that,she frowned and again then really said something i wish(sigh) i paid more attention

to..but anyway,i've my flower(smiles at Misty,Misty giggles) she said that if i don't then even if another boy doesn't or you yourself don't it'll only pain us both,then i thought she won't let me sleep tonight plus you were anyhow leaving as Daisy and gang were upto their old dirty tricks(both laugh),so i myself was also desperate,did she tell you anything"

Misty(smile) : "she was here and there talking about Drew as if to suggest me from my own experience,which she was trying to portray as a travel companion environment,and i easily realized what she was upto(both laugh,Ash shakes his head) so i just played along,and yes that day she implied to me that you want to meet,but i also implied its always if other people aren't evsdropping,which obviously dissapointed her(laugh) and then we spoke(giggle)"

Ash(giggle) : "right,i just about didn't have the right words and talked about your pokemons..well Gyarados that is(Misty laughs)..and then we had than hand holding and all that,finally i kinda forcefully hugged you and just said you're my best ever friend"

Misty(laugh) : "actually that really was your way of saying you cherished me and i got that and answered you in your language but didn't do much..i just wanted you to burn for me with longing,as I thought then you'll have to confess and i just loved that day so much"

Ash(smile) : "right,next morning May opined that it would've been so much better if i did this and that,to which i said next time i'll take the rose from Drew personally,which dissuaded her from pestering both you and me(laugh)"

Misty : "and Brock was you know as usual always wanted

me to jump and since that day also started to give a piece of his mind everyday to you"

Ash(sigh) : "yeah he did,Mist,i still can't come.."

Misty(frown) : "again dear?"

Ash(smile) : "ok,ok,i won't (Misty smiles),yeah so after my 3rd frontier symbol,i just couldn't take it anymore and one day just phoned you and spoke my mind too emotionally"

Misty(smile) : "right,but Ash,that was music to my years cause i was only waiting for the inevitability,and then you were so so sweet"

Ash : "right,and then well,May and all came to know and all that till i won Battle Frontier and straight went to Cerulian,Mist if only i knew.."

Misty(laugh) : "no let them sleep for now,ok?"

Ash(smile) : "my conversations with you became more and more intense but i being a jerk,it was either pokemon or your gym battles that's all"

Misty(smile) : "Ash,you're so sweet and then were even more as you were just about becoming a youth,it was amusing for me,and i always knew how much you loved my poses and winks.."

Ash(smile) : oh! i died for those winks Mist,really,and your poses were as beautiful as ever,and you had sent those pictures,it was heaven"

Misty(laugh) : "May helped the letters right?"

Ash (laugh) : "pretty much that's why they became very strange (botg laughs)"

Misty(smile) : "but your pictures made my day thiugh i was so terribly busy then,just in the shows and so on,but people pestered me as well then,which i did tell you but you always

in all your sweetness either didn't realize or brushed them off and that really made my day cause i realized the insignificance more"

Ash(smile) : "right,just a sideshow(Misty Laughs),those Godforsaken brats if are still around,beware,i feel hungry,very hungry(both laughs)...so i went straight to Cerulian and the first thing happened was Lillie(both laughed) "who are you?where are you from?why are you not at Viridian?why your hair is like this?which perfume do you use?",then suddenly Daisy remembers me and goes like "aww,the Hoenn Champion Ash right",i said i just won battle Frontier,to Violet's utter confusion as she has never heard of it(both laughs) then Lillie tells them its that sideshow and looks at me carefully when i somehow manage to say may i meet Misty, Daisy goes like what i mean by meeting, whether i know her,if i'm a fan they have no time for us and so on,then i finally had to call them by their names and remind me who i was,when they wisely pointed out that the meeting is not possible to which Violet scoffed them saying this is so romantic and so on,in the meantime someone told them they were needed and they reluctantly told me to go to the guest room and you were out for that day.."

Misty: "yeah,i went to Viridian actually for show,came back got a verbal smack for inviting my boyfriend without telling them(both laugh) and so on,when i finally pointed out your second Gym battle there and all that,did they finally warm upto you"

Ash : "yeah and then they started to cajole me into the battling for them..(both bursts into laughter) then i finally could meet you and confess my feelings for you and all that

and um.."

Misty(smile, hugging Ash) : "had our first kiss..till yesterday my favourite moment"

Ash(smile,hugging Misty) : "yeah, though i kinda never expected it but had to give in to my emotions and you actually made the situation normal"

Misty(smile) : "right!Ash,now you can understand my position.."

Ash(smile) : "yeah,it really made your 2 years actually(both laugh) then of course i went back home the very next day went to Sinnoh cause Gary had some great new pokemons(both laughs) and then you know we were talking everyday and all that..then that Sinnoh League win happened and umm(solemn)..things started to change"

Misty(smile) : "later dear,lets finish sinnoh"

Ash(smile) : "right! actually you know i never told anyone about my first kiss myself and later when they pressed me i would always say why were they interested at all and so on,Dawn was always very excited about us but never went to overdrive like May,she had her own goals,Brock had changed quite a bit and we just trodden along, your name skyrocketed and i was very happy for you then"

Misty(smile) : "yeah,and you were my relief as well as i could talk about pokemons with you all day which here was hard to do unless Trace was present"

Ash(smile) : "right,but you remember that final..by the way Daisy never forgave me for never giving you a flower bouquet though(both laughs)"

Misty(smile) : "Ash,your two gifts Battle Frontier Trophy and Sinnoh League, Especially Sinnohleague,you know saved

me many times actually.."

Ash(sigh) : "Mist, really you too need time in Pinkenberry"

Misty(smile, hugging Ash) : "i'm having every bit of it Ash, don't worry"

Ash(hugging Misty) "right!"

Misty(smile) : "those two were you know what set Men out of Boys, especially that Pikachu vs All in Sinnoh, that was the Pokemon Master"

Ash(hugging Misty) : "i guess Mist, i guess. well i realized many things that day and so on, Pikachu's powers and my intuitive powers really did give me the breakthrough, that i just knew what to do to win any match in any situation against just about anyone.. i hardly lost in Unova once or twice but other things happened and then the breakup and then team rocket came around, where i had to be very careful, and it also was a big thing cause i might've never got that 6 trophy, but then i really didn't care, was in my own mood, own oblivion and fortunately my skills in battling did defeat team rocket and so on"

Misty(smile) : "yeah busting team rocket just about an year after our breakup and all that was happening i really also thought your head had spun just too much and all that, otherwise by the end of the 2nd month right upto 6th i thought of the reconciliation many times but but never quite proceeded and then that Battle Frontier scandal happened and all that.."

Ash(smile) : "well i only wish i wasn't such a dumb buffoon as well, but you know i was and then i went to Kalos and by the end of it i knew i had no many match in this world when it comes to battling except Laura, who were almost 90 by

then and i met her in sinnoh when i won the league there and she instantly recognized my just blossoming levels and really blessed me much i told her about you,which to my surprize she knew rather well via one of her relatives from next generation having woked in Cerulian recetly"

Misty : "yeah,i you called her and introduced me to her from the Gym,and i spoke with her only on that day and she really was very kind"

Ash(smile) : "yeah,as you know a real legend in all departments,and(hugging Misty) you'll be such as well soon Mist"

Mist(smile) : "i want(hugs Ash)this only"

Ash(smile) : "have all the time(both giggle)then of course i won Kalos and basically i knew it was formality before i got into hall of fame and Elite 4 happened but my personal problems just erupted as well anyhow all things finally came to be settled forever yesterday,as i had MY FLOWER(both hugging each other smile)"

Ash(laugh) : "i guess,but you'll forever be a miracle monger,i saw Gyarados and then the flamethrower,i was rather so jealous of you as i thought i want that,but then..

(blush)..um..i turned back at you and you were smirking at me saying that it was rather very impressive than only impressive with a rather proud face then i went into flashback and recalled,and i'm naratting this to you now cause i was too flustered before to do so but you looked nice that day,i already felt

Ash(laugh) : "indeed,i organized for a show battle in on the sea insinuating i never got the respect i deserved from my favourite City and then you know a few wise brats from the gym implied to the press that the king is only after the queen only for you to vehemently deny it and get you even more angry..(solemn)..Mist(hugging Misty),i..um.."

Misty(smile,looking at Ash) : "i'm right here,dear"

Ash(smile) : "right,so there was already too much interest,but then before the day i trash talked you..(very grave) Misty,this was the darke.."

Misty(smile) : "Ash,it was enough for me to be able to see you again live after so many years,well rather having been forced to(laugh)that trash talking was far better than anything i was hearing before,(beaming) Ash,you know,none could've got upto my nerves like you did by simply calling me a in Lil's childhood word "runt" repeatedly exactly the same way she did that you heard and those bug pokemon jokes were just..just blown my head off"

Ash(solemn) : "um..anyhow i should make the amends right now..so i said for an utter buffoon that i was i still could smell some fishy things were going around the Gym,which now i just can't help but want to thrash left and right,anyhow,i whined about the food,the gym leaders looks,the pokemons nonsense behaviour proving the staffs were rather useless,so in a way riled everyone up,and as that forced you out to fight me and so on"

Misty(laugh) : "that fight was the best,i ust went prepared and then out of blue you offered to show all your pokemons and then showing Pikachu and saying you'll want me to choose for you and i just screamed at you just as i used to

when we were 12 which was after many months actually,i was so solitary.."

Ash : "yeah,i had to carry on my antics and the crowd were suddenly all poured into it when i played my trick by offering that chorus which actually was to affect your pokemons only.."

Misty(laugh) : "that was really like i just couldn't imagine and none of my pokemons were able to do anything,i was too agitated and confused to tell them to counter with the same trick,which still wouldn't have worked would it Ash?"

Ash(smile) : "not quite,once Golduck of all was confused,and that's exactly what Pikachu was there for doing,i knew it's a matter of time till the crowd just forces you to quit.."

Misty(smile) : "really,that was something,i just swore you to which you again retorted with the Pshyduck jokes then i just had given up and finally had to tell you to try to fight me one on one(laugh)which Snorlax did to an extent that i still can't help but laugh"

Ash(smile) : "yes,it was hard cause none of my pokemons was ever going to battle in the first place and Gyarados first charged but with that typical Snorlax yawn she was so utterly flustered that she just flamethrowed her,to which Snorlax,just went into the water

Misty(laugh) : "then i told Gyarados to charge immediately only for Snorlax to jump on top of her head and keep on doing the antics that finally made Gyarados so happy that she just gave in"

Ash(frown) : "and some Cerulian brats even then had the audacity to insinuate that this wasn't funny(laugh)"

Misty(laugh) : "really,Cerulean and you have become like water and fire..anyhow I was just too shocked to do anything and finally tried Dewgong vs Pikachu which Pikachu just went away with trying to balance himself on him and lightly iron telling him each time he discomforted it, Dewgong was just too known to Pikachu and then i realized your trick of sentimental tactics and screamed you off as a cheat barely restraining myself from takking all about us to the crowd"

Ash(smile) : "that i myself will,not by words but by action,when my official marriage ceremony takes place exactly there,me marrying my cherished flower the thousandth time(hugging Misty)"

Misty(laugh) : "and won't they insinuate anything then?"

Ash(smile) : "that's the point Mist,when they do i'll tell them i wanted my flower and my flower wanted me,if any brat has any trouble with that i'll play the hometown Pokemon Master Hall of Fame card, insinuating that Cerulian never gave me my due which Viridian did,to which they'll point to my flower self contradicting to my point that I CHERISH MY FLOWER and my flower cherishes me(hugging Misty)"

Misty(laugh, hugging Ash) : "surely,and that's exactly why you didn't go on their invitation didn't you, mouthing off the "Showoff Gym" with a "young Dramabook Sinister Princess" roaming around like an "Old Venerable Venasaur(laugh)?"

Ash(solemn) : "um..Mist,you.."

Misty(frown) : "hey,cut it off,would ya?we're just having fun."

Ash(whinnying) : "umm..no..my flower before that has to spend 1 year in Pinkenberry.."

Misty(laugh) : "Ash,we'll go there just tomorrow, don't be so

upset about it"

Ash(whinnying) : "no,i want to runaway with my flower tonight.."

Misty(bursts into laughter) : "mom said too much imagination"

Ash(bursts into laughter) : "absolutely not"

Misty(smile) : "anyhow then i screamed and the referee said draw and i lose"

Ash(smile) : "actually on that whole night that was my best bit as i told before that i get to date you,so i fixed the date and left,only for my pokemons to get me in and then i broke into your room,till then that record was playing constantly around the Gym,which they couldn't catch as it was fit with my own dress."

Misty(hugging Ash) : "when is that date happening?"

Ash(solemn) : "um..Mist, yesterday when i was torturing you.."

Misty(frown) : "which ended with our happy marriage,yes cut to the exact part"

Ash(smile,hugging Misty) : "right,my flower is looking very bright since then"

Misty(smile,hugging Ash) : "and so is my bee.continue."

Ash(smile) : "i'll date my flower exactly there every morning and evening after(scowl) she has to appease some chosen goddamn b.."

Misty(frown) : "yeah we all know that."

Ash(concerned) : "um..no Mist,you were always so tired everyday,those brats will queue in from 6 in the morning till 5 in the morning,so..(Misty laughs)..7:30-8:30 and [10-11](#) everyday.."

Misty(laugh) : "Ash,i'll have to study too.."

Ash(frown) : "the goddamn articles..and you also will have to give presentations?"

Misty(smile) : "reports on my Pokemons,Staffs,all of it,well Sarah writes but i have to go thorough and sign and all that,then you have to fix this and that..a Gym sometimes is a real pest and feels like a cage.."

Ash(tenderly cajoling Misty's cheeks,solemn) : "so much strain my little flower had to go through all for a godforsaken brat like me.."

Misty(frown) : "Ash!"

Ash(solemn) : "um..no,my flower has to be beaming all day and i'll take care of those dumb things myself,besides,they'll pester me as well..(laugh).."

Misty(laugh) : "infinitely more than me,you have the whole world to look after"

Ash(frown) : "i'll only take care of one thing and.."

Misty(laugh) : "Vulture or Brat?"

Ash(scowl) : "anybody that dares to come around the gym anytime except [11-11](#):15 strictly with 7 league tiles and 7 Kanto badges..i'll show them otherwise.."

Misty(laugh) : "all right,we'll date atleast 5 full day a week

Ash(scowl) : "6"

Misty(smile) : "Ash,you want to go to the cape on a Fullmoon 2 am in summer? it's heaven"

Ash(frown) : "umm..but,my flower may catch..um..heat.."

Misty(smile) : "right,so we're going there every fool moon"

Ash(smile) : "everyday would do(scowl)given no other brat has the audacity to come anywhere near the whole cape..um..that whole day"

Misty(laugh) : "you'll love Cerulian Ash,you'll see"

Ash(smile) : "only my flower and (showing the ring)what my flower gave me from there"

Misty(smile,holding Ash's neck) : "really Ash, there's just so much to do with you,and now finally only you(hugging Ash)"

Ash(smile, hugging Misty) : "right"

Misty(smile) : "Ash remember our battle at Whirl and for Totodile? i'll always love those two cause before that truely we were too mischievous with each other"

Ash(laugh) : "i had no respect for you as being any good in our entire 5 years travel,Whirl i was playing along as a sportsman"

Misty(smile) : "but your idea of me being a miracle monger hasn't changed since the day you saw Gyarados"

Ash(smile,hugging Misty) : "am i wrong?"

Misty(laugh) : "i can never forget Gyarados' plight against Snorlax ever"

Ash(smile) : "that's exactly why i can't battle at all any more Officially,my condition won't allow me"

Misty : "Ash,your pokemons would still battle if i tell them to right?"

Ash : "yeah sure but you'll have to finish quickly and handle them a bit carefully,they're all just always waiting for the very next moment of fun,unless you can agree some false alarms.."

Misty : "yeah you're right,but actually the only time they'll seriously battle is if it's Life and Death ain't it?and false alarms will only give accordingly limited opportunity"

Ash : "yeah pretty much,i only need them for momentary

defense that's all, and my ultimate compels me to die right beside them"

Misty : "yes Ash, that you have to"

Ash : "you've only set that with Dewgong and Golduck

Mist, but (concerned) um.. you still can get agitated sometimes given those brats.."

Misty (smile) : "yeah, but you'll be there with me"

Ash (smile) : "right, but Mist, i've not heard your singing for such a long time.. the way you hummed those songs and later sang to me, you get a little better then ok?"

Misty (smile) : <song>

Ash (hugging Misty, smile) : "that made my whole day"

Misty (hugging Ash, smile) : "anytime"

.....

Ash (solemn) : "Mist, you cried very much yesterday and twice gave me some scare by almost fainting and then those [10/15](#) minutes you lied on the grass sobbing uncontrollably finally coming to the realizations"

Misty (smile) : "dear, you were being honest with yourself that's all"

Ash : "still, um.. i just want something.."

Misty (smile) : "Viridian Lake?"

Ash (smile, hugging Misty) : "Perfect, tomorrow night, we go to Pinkenberry on Charizard"

Misty (laugh) : "you want to avoid everybody right?"

Ash (smile) : "Mist, there are many totally islands in Orange where very few people go that too for day to day life, we can stay in any of those all our lives without anyone ever knowing our whereabouts"

Misty (laugh) : "where would the kids go?"

Ash(smile) : "on Charizard"

Misty(smile,Looking at Ash) : "we'll see about that,ok?"

Ash(smile) : "ok,but not so easy so though with kids(laugh)i can't swear left and right and bash Cerulian Vultures at all then."

Misty(hugging,looking at Ash) : "it's all right Ash,just that.."

Ash(hugging and looking at Misty,smile) : "all in good times dear,all in good times."

(both hug for a long time)

.....

Misty(smile) : "Ash,tell me,you already knew i was all yours even before you confronted me yesterday,right?"

Ash(smile) : "umm..i guessed it but you know i had to absolutely confirm..but Mist(hugging Misty,solemn).."

Misty(smile,hugging Ash) : "Ash,it's alright! as we broke up i was confused,Green knew me and i knew him in childhood then he was a nice guy and Brock was so dissapointed in you that..Ash,cut it"

Ash(frown) : "no i won't i'll kill Brock as soon as i see him then his entire family in all sides,that brat..(solemn)Mist,i can't believe Brock of all people could..could.."

Misty(scoff) : "Ash! get a hold on yourself!"

Ash(dejected,hugging Misty) : "agree to spend a month in Pinkenberry,only then."

Misty(smile,hugging Ash) : "1 week dear,you'll be bored yourself that long"

Ash : "surely my grave was good enough as i told Brock,[indeed.So](#) kinds tried to impress things upon you leading you to cut him off..and Trace?

Misty(sigh) : "Trace never got out of confusion about you and as he was with Daisy,this idea that i will only be healed staying away gripped him entirely,so later i had to cut off"

Ash(sigh) : "this en.. hasn't changed, anyhow just as you cut off,Brock realized something himself about himself and given his character could change himself very quickly"

Misty : "right"

Ash(smile) : "and i know about those brats enough,nah! as much as i would love to but i can't feel but sympathy for them and they're not going the rounds for sure,Unlike Serena.."

Misty(smile) : "neither is Serena"

Ash(laugh) : "i hope so,but our treatments has been similar,same words even"

Misty(laugh) : "natural"

.....

Brock : "oh..um..hi Ash.."

Ash(extremely grave) : "why is it so Brock,that i find there's 3 particular names among which 1 is extremely extremely important to you as if for this NAME you have a bit too much,a bit too desperate,a bit too intense,a bit too.."

Brock : "Ash,it was a mistake,you know as well then that your rounds which you told us earlier was only intuitive to you as well..and.."

Ash(laugh) : "i told you a d.. l... r..?"

Brock(sigh) : "i much later came to know that you saved me actually.."

Ash(frown) : "later?later?why is it so o Brocko that i've found people being obsessed with a particular word "BEST" are a

bit too emotional,bit too on the edge,bit too.."

Brock(sigh) : "Ash,please stop it.i know you did your rounds obsessively to a point where now if asked you just.."

Ash(smile) : "sweet sweet Brock,have you seen that just like you.."

Brock : "yeah,alright, don't get so excited,yes cong.."

Ash(smile) : "sweet sweet.."

Brock(sigh) : "Man,you need rest..ok,ok,you need to spend many months only with Misty in a secluded place and that i shouldn't have ever disturbed you yesterday.."

Ash(scowl) : "was that a challenge Brock?"

Brock(sigh) : "fine..we should've ever known that you and Misty got married the very moment you two met each other,and i having just come along afterwards should've been the very first one to stand up and declare it when time came.."

Ash(grave) : "your coming with me immediately to Viridian Forest lake,NOW,just phone home say you'll be late"

Brock : "hey.."

Ash(frown) : "you saw Ganger right? don't try me,Mist is there as well so you won't be killed thanks to her"

Brock : "um..at this.."

Ash(smile) : "Brocko,Brocko,Brocko,you don't want to play games again do you? i played a great match with Trace in the morning that his great grandchildren will love to recall,comply or the result won't be very sweet"

Brock(sigh) : "alright come on.."

.....

Misty(smile) : "hi,Brock(laugh) Brock he's Ash,our little

pal..sit down.."

Brock(looking at Ash) : "he doesn't look so little any more"

Ash(smile) : "Brock do you.."

Brock(sigh) : "Ash,please,i know what you're trying to get to and Misty only came cause your not in a good condition,Ash we're sorry, alright,you made our day this morning for the rest of our lives, things happen.."

Ash(smile) : "like i was (Misty frowns at Ash)NOT RIGHT?"

Brock(sigh) : "alright, alright,I'll talk with Misty and you'll just watch over if i somehow was rude to her,if i'm shoot me all you want(Misty laughs) it's not funny Misty,your husband is hellbent on proving to everyone that he was right about you and viseversa and so unless we really confess it the umpteenth and another time,he'll not desist(Misty brusts into laughter) and if we don't comply he'll set his 3 dark types on us who would fondle us to our next life sooner than we would like(Misty laughs loudly)Please Ash,i didn't say anything wrong"

Ash(smile) : "sweet,sweet Brock.."

Misty(laughing) : "Brock,you guys are so afraid of him all the time,he just wants to go to honeymoon as quickly as he can..this is this first place where we met,and i told him to see if he could get you which he happily obliged"

Brock : "at this.."

Ash(smile) : "lucy already knows it,i told her,but Brock what was it that you were insi.."

Misty(sigh) : "Ash,i'll talk remember"

Ash(sigh) : "alright but(smile) sweet sweet..(Misty again laughs)"

Brock(sigh) : "Ash,really, you're just too playful all the time,i

didn't insinuate anything"

Ash(smile) : "you didn.."

Misty(laugh) : "Ash,i got this,ok?he wants to prove he's not the best choice but forever is the choice that is we are ever like this but in between according to him some friends didn't help him by agreeing to look after the Gym,and that is especially you since you had been a gym leader and Cerulian provided ample opportunities for your studies"

Ash(frown) : "and.."

Misty(laugh) : "he's saying that rock vs water type was no excuse for someone like you who had more than enough aptitude and knowledge"

Brock(sigh) : "Ash,i had my personal issues then,then lucy came and i've understood my mistakes myself,i'm extremely sorry and no no repercussion has taken place from our mistakes for a long time and you just enjoy your honeymoon with Misty it's all chill"

Ash(scowl) : "but i'm the BEST.."

Brock(sight) : "alright,i'll give the rigorous.."

Ash(frown) : "bash the Vultures(Misty laughs) for me and f.. (Misty frowns : "Ash!").. whatever,just bash Cerulian Vultures (Misty bursts out in laughter)"

Brock : "you two little brats have always pestered me to death(Misty laughs even more)Misty,cut it he's going to completely devour me up unless you help(Misty tears out of laughter)(sigh)Ash,those two terms.."

Ash(frowns) : "Vulture is anyone who tries to portray that i'm a playboy and all my antics are deceit like if i'm drinking a glass of water its not because of the fact that i'm thirsty,but its a ploy to actually get something else"

Brock(sigh, concern) : "Ash,we're sorry we beli.."

Ash(smile) : "you bel.."

Misty(frowns at Ash) : "Ash!beat it,i'm here"

Ash(whinnying) : "my little flower was.."

Misty(sigh) : "Ash, it's alright..cut it"

Brock(smile) : "No,Ash,you really were

right,none..um..only..um(Misty laughs)..alright,you and your flower were always together but a suddenly a herd of vultures flown too quickly (Misty again bursts into laughter)Misty,please help me on this..(Misty laughs uncontrollably)(sigh) anyway.. flown too quickly towards Cerulian causing a little gust which for a very short time span that went away before anybody even could realize,only giving you and your flower a little bit of illusion that you weren't as cl..um..(Misty bursts into laughter once more)a little bit closure wasn't immediately needed(Misty laughs) but as soon as it went you and your flower were again together and you didn't ever even notice that you weren't at..umm(Misty laughs uncontrollably)..anyhow you never even had the thought that you didn't have to be..umm(Misty laughs)..you didn't ever thought that you don't have to be closer to your flower..which is you and your flower always only wants to get closer and closer..(Misty laughs)..happy?"

Ash(frown) : "Cerulian means all the brats that had the audacity to challenge my flower uttering the word "challenge" and all those who ever went there with the scant thought of trying to even talk with my flower(Misty bursts into laughter) or those who ever said a bad word about my flower must be immediately with their godforsaken families be packed off to hell(Misty laughs)"

Brock(sigh) : "all right..Misty,please make sure the destination is absolutely empty including the sky(Misty bursts into laughter again)..the Vultures went to the Cerulean to..alright The Vultures flew from Cerulean to Cerulean (Misty laughs) in a cyclic way that never created an illusion in your mind that you had to be not getting more close to your flower..(Misty bursts into laughter).. happy.."

Ash(scowl) : "why is it so Brock that i've found Viridian had the audacity to put a bike in that damned centre where you work-a bike that came with this illusion that me and my flower had to be parting?(Misty again laughs)"

Brock(sigh) : "Ash,please,may you with your flower be always blessed,let me go Man,please(Misty bursts into laughter)"

Ash(scoff) : "was that a threat Brock?(Misty laughs) that we're not always blessed,not.."

Brock(sigh) : "Ash,please!it's our mistake that we ever thought there were two different things called Ash and Misty as there really isn't and now we're so happy to know that..(Misty giggles)"

Misty(smile) : "you just made our day Brock,thanks"

Brock(sigh) : "thanks Misty..uh,God saved me today(Misty bursts into laughter)"

Ash(smile) : "sweet sweet Brock.."

Brock : "Misty,take him to honeymoon as quickly as possible and don't return before a year(Misty bursts into laughter again) and be always with him..(smile)..am I wrong Ash?"

Ash(laugh) : "not at all, thanks man,have dinner here"

Brock(smile) : "thanks but.."

Ash(smiles) : "sweet sweet.."

Brock(sigh) : "alright,(Misty bursts into laughter) i'm not cooking (Ash laughs),who has cooked?"

Ash(smile) : "yours truly,enjoy yourself(goes to get the dishes)"

Brock(laugh) : "Misty,all your 4 years only just this last few minutes has completely erased away as if it truly was an illusion"

Misty(giggle) : "exactly Brock,i've not laughed like this for years..thanks to you and thanks to my beau(blush,smile)"

Brock(laugh) : "already poems are flowing all around"

Misty(blush,giggle) : "couldn't desist"

Brock(smile) : "Misty,i'm very sorry that i pressed him like that this morning,but i can see he has just brushed everything off as well"

Misty(smile) : "no i can't mind anymore as i also saw the conclusion,which he repeats to just about everyone at home and Lab and now they are self recognizing his word only to avoid his verbal smacking like you just did,gave Trace a real scare in the morning only to make him say by himself exactly these but yours were far easier as i am here, being with him you know like its been about 30 hours may be and we didn't sleep a wink in between yet you see how fresh we both are? in these 30 hours or so i have had like every emotion possible and he gave me this ring as i told you yesterday itself,Brock it just feels i've been married to him eternally..and I can't believe it was so easy to say this exact word,but with him it's just has become too natural that you don't have any second thoughts at all..i can't believe my luck either Brock...even 10 days ago at this very moment where i was and today where i'm today...it's better than every dream

i've ever had(blush,giggle)"

Brock(smile) : "very true,today morning i was telling lucy of his words,antics and contents and this night also has been wonderful,really it just truely feels that there never were any separation at all among all of us,and i can't believe he with such reputation and antics would just brush it of like a dust particle in a matter of a day"

Misty(smile) : "right but(concerned) he has taken a big toll himself mentally you know..his sweetness just allows him to express even his grievance in a way that will make those who doesn't like him to absolutely adore him"

Brock(smile) : "absolutely,Misty,you two are just as he said always was is and will be together,but yeah take good care of him and he does need you more than the rest,Trace was smacked because Ash just don't want to let you leave him for a moment right?

Misty(smile,blush) : "absolutely,but could you believe Brock that the Ash we saw and my real heart-throb since the first sight when i was 12 and now i'm 28..all 16 years so much happening with all 3 of us,this is the biggest evolution really and he's a living legend you must've sensed his Pikachu's and his Ganger's ability?"

Brock : "absolute legend in all respect indeed and yeah that Ash and this same thing but may be way sweeter now always fooling around and not wanting ever to stop and just wanting to be with you all the time.

Misty(smile,Blush) : "yup, that's my Ash!"
